

Small World play

You will need

Brown and Green playdough for the soil and weeds (for a homemade recipe see <http://nurturestore.co.uk/easy-play-dough-recipe-2> and add brown/green food colouring)

Alternatively use damp sand

Seeds (e.g. dried corn kernels)

Cotton buds coloured yellow if you wish (yellow electrical tape and felt tips)

Fake flowers

Stones

Bird Figurines

Farmer (Lego Figurine)

Cardboard (for the path)

Play dough tools

Set up the small world materials at a table. Tell the parable of the sower using the figurines and seeds to small groups who come to the table. Then let the children retell the story and play with the materials.
