

Experiment with the story

Joseph's amazing coloured coat

Using permanent markers, draw a circular pattern on the coat like in the picture below. Start off with a small circle and then draw a bigger circle around it and then another around it. Repeat 4 or 5 times. Colour each circle with bright colours. Once everyone is finished take turns spraying some of the surgical spirits onto the coat with the spray bottle. The effect will be a blurring and softening of the colours which creates a lovely effect.

Kandinsky Circles

Get active with the story Giant Snakes and Ladders

Joseph's life was full of ups and downs. Take the snakes and ladders journey through Joseph's life to be reminded about all the highs and lows he went through. When you get to a snake or a ladder, read the card attached. The good things in Joseph life will take you up the ladders and the difficult times will take you down the snakes!

Recreate a scene Playdough fun

Grab some playdough and have a go at creating a scene from Joseph's life. Have a look at the scene cards to help you or come up with your own ideas. Tell somebody else about your creation.

Make the Story - Joseph's precious cup craft

Write name on the underside of the glass base with a sharpie or permanent marker.

Paint the plastic wine glass all over with gold or silver paint. Go and do another activity while the paint dries. When the paint is dry finish off goblet by decorating with stick on gems.

Advanced - To make a glittery stripe, stick on a strip of double-sided tape before painting making sure to leave the outer backing on, then paint as normal. When the paint is dry, peel off the backing from the double-sided tape and sprinkle with glitter.

Draw the story Family Faces

You might think your family is a bit weird, but I'll bet it's nothing compared to Joseph's family. In Joseph's family was there was a dad (Jacob), 4 mums (Leah, Rachel Bilhah and Zilpah), 12 sons (Reuben, Simeon, Levi, Judah, Dan, Naphtali, Gad, Asher, Zebulun, Joseph and Benjamin) and a daughter (Dinah). That's 18 in total!!

Draw one or all of members of your family. You can use the face outlines if you like or go freestyle!

Build the story - Minute to Win it construction challenge

The challenge is to stack the 28 cups into a pyramid with 7 cups at the bottom, then 6 on the next layer and so on using only one hand. The pyramid must be completed in 60 seconds or less. Leader records times.
